

UPMS Overview And Complete On-Boarding Flow

A unified workflow for managing projects from registration to closure on the UPMS Portal.

 **UPMS URL: upms.meity.gov.in**

Unified Project Management System

Multiple Workflows, One Unified Platform

A unified ecosystem for project onboarding, evaluation, monitoring, and closure.

Unified
Platform

Complete
Lifecycle

Smart
Governance

Multiple Ministry
Collaboration

Portal

OUTWARD-FACING

Single window interface for researchers and granting agencies.

- 01 Unified Login for Principal Investigators
- 02 One-time, lifetime registration
- 03 Online CFP Discovery & Proposal Submission Management
- 04 Real-time Proposal Status & Review Tracking
- 05 Shareable researcher microsite
- 06 Serves researchers & granting agencies

ERP

FULL PROJECT LIFECYCLE

Manages the complete lifecycle of a project from proposal to closure.

- 01 End-to-end lifecycle management
- 02 No redundant or duplicate forms
- 03 Standardised proposal-to-closure flow
- 04 CFP Creation, Evaluation & Approval Workflow
- 05 Role-based Processing from Scrutiny to Project Closure
- 06 Covers all Ministries & Departments

Dashboard

ANALYTICS & MONITORING

Real-time insights for better monitoring and decision-making.

- 01 Role-Based Dashboards
- 02 Real-Time Project Tracking
- 03 Proposal & Project Monitoring
- 04 Fund Utilisation & Financial Monitoring
- 05 Committee Review & Decision Tracking
- 06 Milestone & Deliverable Tracking

Who Does What — Roles in UPMS

Every stage is driven by a specific role. Know the actors before following the flow.

System Administrator (SA)

Registers via Parichay Or DigiLocker; assigned by the Support Admin team and assigns PD users.

Program Division (PD)

Creates Calls for Proposals, reviews & approves proposals, forms review/PRSG groups and monitors projects.

Program Officer(PO)

Registers via Parichay or DigiLocker, reviews assigned CFPs, monitors approved projects, verifies progress and expenses, and submits recommendations

Principal Investigator (PI)

Registers via Parichay Or DigiLocker, applies to a CFP with a full proposal, then submits deliverables and expenses after proposal is approved.

Scrutiniser

Conducts initial scrutiny of all submitted proposals, rejects ineligible proposals, and forwards shortlisted proposals to the Reviewer.

Reviewer

Reviews shortlisted proposals, records evaluation remarks and recommendations for the PD, after which the proposals are forwarded to the Working Group (WG).

Working Group (WG)

A committee that reviews the proposal, records Minutes of Meeting and issues a recommendation.

PRSG

Project Review & Steering Group reviews each deliverable in review meetings and steers the project.

The Onboarding Journey at a Glance

Structured journey that takes a project from user registration to successful project closure through the UPMS Portal

Outcome: An approved proposal becomes a live project under **“Ongoing Projects”**, tracked deliverable-by-deliverable until closure.

01

Access & Role Setup

Getting registered on UPMS and provisioning the right roles via Parichay or DigiLocker.

1

Register on UPMS

Every user must sign in to the UPMS Portal via Parichay or DigiLocker. By default, all registered users are assigned the PI role. To assign a user as PD, the SA must map the user's registered Gmail ID or Parichay email ID.

2

Support Admin assigns SA

UPMS Support Admin team designates a registered user as the ministry's System Administrator (SA).

3

SA assigns the PD

The SA assign a registered user to Program Division (PD) — the role that creates and runs CFPs.

02

System Admin assigns the PD

System Admin searches for a user registered through DigiLocker or Parichay and assigns the Program Division (PD) role.

The screenshot shows the UPMS (User Profile Management System) interface. On the left, a sidebar displays the user's profile (Sunil Razdan, Role: System Admin) and navigation options: Users, My Profile, Account Settings, Switch Role, and Sign Out. The main area is titled 'Users' with the subtitle 'Manage users, assign roles and departments'. A search modal is open on the right, featuring a search bar labeled 'Search User' (highlighted with a red circle and arrows), a dropdown for 'Ministry/Department' (set to 'Select Ministry/Department'), and radio buttons for 'Roles' (Secretary, Integrated Finance Division, and Program Division, which is selected). 'Assign Role' and 'Cancel' buttons are at the bottom of the modal. In the background, a table lists users.

S.No	Name	Email	Ministry/Department	Designation
1	Khusbhu saini	-	Ministry of Electronics & Information Technology	Program Division
2	Abhishek Chandra	abhishek.negd@digitalindia.gov.in	Ministry of Electronics & Information Technology	Program Division

This table provides a detailed view of the users, including their designations and phone numbers. A red arrow points from the 'Assign Role' button in the modal above to this table.

**Assign
Scrutiniser**

Review & Approval Process

Scrutiniser

Examines the proposal and records remarks and shortlist the proposals

→ shortlist and records remarks

Reviewer

Independent technical review with remarks.

→ records remarks

Working Group (WG)

Committee review + Minutes of Meeting & Final recommendation.

→ records remarks then Forwarded for Sanction Order

Assign Scrutinizers and Reviewers directly from the Proposal Received screen to initiate proposal scrutiny and evaluation

Add Scrutinizer

Assign a Scrutinizer to perform the initial eligibility and compliance check of the proposal.

- 1 Select "Scrutinizer" option.
- 2 Search and select the appropriate Scrutinizer.
- 3 Confirm the selection.
- 4 The Scrutinizer will be assigned to the proposal.

Add Reviewer

Assign a Reviewer to evaluate the technical and financial aspects of the proposal.

- 1 Select "Reviewer" option.
- 2 Search and select the appropriate Reviewer.
- 3 Confirm the selection.
- 4 The Reviewer will be assigned to the proposal.

Sanction Order → Project

After all reviews are completed, the proposal is forwarded for sanction. The PD uploads required documents to proceed with project approval.

The screenshot displays the NeGD portal interface for a user named Abhishek Chandra, Role: Program Division, UPMS-08021980-79777848. The interface is divided into two main sections: 'Draft Documents (To be shared via e-office to IFD and Secretary for approval)' and 'Final Approved Documents (Received from secretary)'. The 'Draft Documents' section contains three cards: 'MOM', 'Admin Approval', and 'Sanction Approval', all marked 'Not Started'. The 'Final Approved Documents' section contains three cards: 'Final Approved MOM', 'Final Admin Approval', and 'Final Sanction Approval', all marked 'Uploaded'. Red circles and arrows highlight the 'Sanction Authority' role in the top right, and the 'Final Approved MOM', 'Final Admin Approval', and 'Final Sanction Approval' documents in the bottom section. A 'Submit & Approve Proposal' button is located at the bottom center.

14

Execution & Monitoring

The PD forms the PRSG, then every deliverable runs through a review loop.

Create & Assign Review Groups

The Program Division (PD) creates the Working Group (WG) and Project Review & Steering Group (PRSG) using the Manage Members module. The PD assigns the required members to each group based on their roles and responsibilities.

Then — repeat this loop for every deliverable

The loop is raised for every deliverable until all are complete.

15

Create PRSG

The Program Division (PD) creates a PRSG (Project Review & Steering Group) using the Manage Members module by creating a group and adding the required members.

Abhishek Chandra
Role : Program Division
UPMS-08021980-79777848

Manage Members
Create working groups, PRSG groups and role-based members

Ongoing Project & Year-wise Deliverables

Once the proposal is approved, it becomes an Ongoing Project visible to both the Program Division (PD) and Principal Investigator (PI). The PI submits year-wise deliverables by updating completed targets and uploading supporting documents (e.g., Utilization Certificates and progress reports). Each submission is reviewed by the PRSG before the project advances to the next year's deliverables.
